

## Go Green

# Greeting Cards

What's so special about Artisan Guild greeting cards?  
*They're GREEN !!*

Help the environment—Go Green with your greetings!

When the sentiment of each card has been enjoyed don't throw it away, share it with others. A note accompanies each greeting encouraging the recipient to "show you care", help the earth—recycle the card by reusing it. Recipients are instructed to simply replace the paper insert with a blank paper 5" x 7.5" (paper from a used grocery bag works well).

Envelopes can easily be made by visiting our website Projects page at [www.artisansil.org/projects.html](http://www.artisansil.org/projects.html).

Cards come in a host of colors and designs. Each design is unique, handmade from recycled materials, and signed by the Artisan. Cards can be purchased blank or containing phrases in hand-twisted copper such as "Love", "Peace", "Happy Day", "Thanks", and "Be Well". Custom greetings can be designed for a small additional charge.

Each handcrafted greeting card with envelope and recycling instructions is only \$5.00 plus shipping. Orders of 6 or more will be discounted 10%. A portion of each sale is donated to Save the Earth Foundation.

To purchase your one-of-a-kind, earth friendly greeting cards, contact the Artisan Guild of Southern Illinois.

Email [guild@artisansil.org](mailto:guild@artisansil.org).

***Show you care -- recycle and share!***
